PROFESSIONAL EXPERIENCE

Hagen's Orchard, Clarkston WA - General Laborer

June 2023 - July 2023

- Picked and organized fruit based on optimal ripeness.
- Helped with the general upkeep of the property.

WSU Veterinary Teaching Hospital, Pullman WA - Timeslip

September 2024 - Present

- Maintained a clean and sterile environment in surgery rooms, prep areas, and treatment spaces, ensuring a safe and welcoming atmosphere for both patients and staff.
- Organized medical supplies and managed inventory to ensure essential materials were always available for procedures and treatments.
- Implemented set protocols for setting up anesthesia equipment, ensuring appropriate equipment available at all times.
- Contributed to improved operational efficiency by suggesting and implementing better organization and storage systems.

Tammany View Church, Lewiston ID - Building Maintenance

July 2025 - Present

- Performed cleaning duties for a busy community building
- Kept inventory of cleaning supplies and made orders when stock became low.

EDUCATION

University of Idaho | 2023-2027

Bachelors of Science in Computer Science - In Progress

- GPA: 3.77
- Dean's List

PERSONAL PROJECTS

Paint by Numbers Picture Generator

WSU Crimson Code Hackathon | 2025

- Collaborated with a team to develop a software application that pixelates images and generates a "paint by numbers" version for user completion.
- Utilized Python to process and manipulate images, implementing algorithms to pixelate images, extract dominant colors, and map them to a predefined color palette of 12 shades.

TECHNICAL SKILLS

Languages

- C++/C
- Python
